What we are about!

Castilleja Cotton is about creating unique fabric art and quilt patterns.

Our Name

Castilleja (ka_steel_ya) is the Latin name for the Indian paintbrush flower. These flowers are found in the Rocky Mountains and bloom through July and August. The colors vary from a greenish white, to red, fuchsia and magenta. The name Castilleja reflects the combination of colors and fabrics in our work.

Quilt Patterns

Our patterns are designed for novice quilters and for experienced sewers. Most of our patterns are nice and easy to construct using fusible appliqué and/or simple piecing techniques.

Many of the patterns can be made into kits. Each pattern gives the exact fabric measurements to make it easy to kit.

Quilt Pattern Themes

We have an eclectic selection of over 200 patterns that focus on a variety of subjects. These include butterflies, dragonflies, flowers, mountains, wilderness, whales, dolphins, turtles, loons, bunnies, hearts, angels and snow folk. We also have wreaths and welcome patterns that cover all seasons. We have Christmas quilts with bells, candles, candy canes, poinsettias, ornaments, trees and nativity scenes. Our Japanese patterns include images of kimonos, fans and lanterns.

Quilt Pattern Catalogs

Catalogs of the quilt patterns are available or can be printed from our web site.

Quilt Pattern Special Orders

We also custom design patterns for quilt shops by using the store sample with store fabrics on the cover of the pattern. Send us a good quality picture of the sample and we will send back the pattern with store name and picture on the cover. We also do exclusive designs for quilt shops.

Quilt Samples

Quilt samples for our patterns can be purchased. Samples for the patterns can be created using fabric from your quilt store. Send us the fabric and we will make up the sample (for a labor cost) and send you back the sample and patterns.

About the Artist

After many years of sewing as a relaxing hobby, the world of quilting was revealed to Diane as an opportunity to express her artistic ability. Since then she has applied this creative artistry to create quilt patterns and small wall quilts. She has won several awards for her sewing workmanship, her originality of design and her use of color at local quilt shows. She has an excellent ability to coordinate fabrics and colors into creative designs. Her quilt patterns are available at several quilt stores across Canada and the USA.
